

URGENT CARE BENEFIT

WHAT is an urgent care need?

An urgent care need is when you are experiencing a condition that requires immediate attention but is not life threatening, such as a sore throat, rash, constipation or vomiting. If you need urgent care, call your Primary Care Physician (PCP). If your PCP cannot see you within 2 days, you may call our contracted urgent care provider.

WHO is our Urgent Care Provider?

SCAN Long Term Care contracts with NextCare Urgent Care. They have qualified doctors to provide you medical services.
