SECTION A Please answer the following questions

1. Yes No Is the member currently taking the requested medication?
2. Yes No Is the indication or diagnosis for treatment of metastatic or locally advanced epithelioid sarcoma not eligible for complete resection? *(if YES, skip to question 7)*
3. Yes No Is the indication or diagnosis for the treatment of relapsed or refractory follicular lymphoma in patients whose tumors are positive for an EZH2 mutation? *(if NO, skip to question 6)*
4. Yes No Was the EZH2 mutation detected by an FDA-approved test (e.g., cobas EZH2 Mutations Test, etc.)?
5. Yes No Has the member received at least 2 systemic therapies prior to the initiation of Tazverik? *(if YES, skip to question 7)*
6. Yes No Is the indication or diagnosis for the treatment of relapsed or refractory follicular lymphoma in patients who have no satisfactory alternative treatment options?
7. Yes No Is a baseline complete blood count (CBC) being performed prior to the initiation of Tazverik?
8. Yes No Is the prescription written or recommended by an oncologist or hematologist?

Please document the symptoms and/or any other information important to this review:

Our response time for prescription drug coverage standard requests is 72 hours. If you or your prescriber believe that waiting 72 hours for a standard decision could seriously harm your life, health, or ability to regain maximum function, you can ask for an expedited (fast) decision. If your prescriber indicates that waiting 72 hours could seriously harm your health, we will automatically give you a decision within 24 hours. If you do not obtain your prescriber's support for an expedited request, we will decide if your case requires a fast decision. You cannot request an expedited coverage determination if you are asking us to pay you back for a drug you already received. View our formulary and Prior Authorization criteria online at <http://www.scanhealthplan.com>
