<sup>1</sup> The \$0 copay for Tier 1 and Tier 2 drugs is not available in all SCAN plans. Copayments may vary depending on the pharmacy you choose (e.g., Preferred retail, Standard retail, mail-order, etc.) or whether you receive a 30- or a 90-day supply or when you enter another phase of the Part D benefit. Check the Evidence of Coverage of the SCAN plan or call SCAN Member Services for details.

<sup>2</sup> On average, SCAN members may save \$150 per year with home delivery based on review of prescription drug claims for SCAN members with three or more maintenance medications. Savings may vary depending on individual plans, drugs and pharmacies. This study was conducted by SCAN Health Plan in August of 2018.
