For your Information

- This material is meant to inform, not to direct treatment decisions.
- The review of items on this list may vary at SCAN's discretion. If you receive approval for a service or supply, it's for that service or supply only.
- Services that don't need precertification are subject to the coverage terms of the member's plan.
- SCAN updates the prior authorization list each year. Updates are typically made throughout the year as needed. If needed, new drugs approved by the Federal Drug Administration (FDA) may be added to the list at other times.
- Prior authorization is not required for emergency or urgent care of members.
